

- 1) **Where do you live?**
I am from Kent (UK) originally but moved to Spain in September 2003 and currently live in Villajoyosa, around 6 miles south of Benidorm.
- 2) **When did you start dancing and how did that happen?**
After visiting Texas USA in April 1996 where I saw line dancing in a salon, I made enquiries at home and found a local club in Dartford called Strutts 'n' Scuffs and started with them in the May of 1996.
- 3) **What is the first dance you ever learnt?**
I believe it was Cowboy Charleston.
- 4) **Where is the most unusual place you have ever line danced?**
ASDA car park Bexleyheath (A British Supermarket) no idea why! I think it was a charity day we did (one of many!)
- 5) **Does anyone else in your family have the line dancing bug? If so, who?**
My partner Fred has become a lot more interested since I have been DJing on Linedancer Radio and now learns most AB and Beginner level dances.
- 6) **What made you decide to choreograph, and what was your first dance?**
Tra La La La was my 1st Line dance to "Brown Girl in the Ring" by Boney M (I am a 70's Disco Diva!) - just wanted to "give it a go" and wrote that little dance on a Flybe flight from Alicante to Exeter!
- 7) **What does line dance mean to you?**
Its more or less my world. I eat, sleep, breathe, dream Linedancer Radio and am completely committed to that. The thought of a life with no Line Dance seems impossible!
- 8) **Describe yourself in 1 sentence.**
To know me is to understand how deep my passion and loyalty and support goes to those who are genuine and are loyal and honest in return.

- 9) **What does everyone need to know about you?**
I am a great friend to have on side. And a terrible enemy! I will help, give to, support, back and encourage all my friends but won't tolerate being used or taken advantage of. I am who I am and if I took back the amount I gave I would be extremely rich.
- 10) **Do you have any advice or tips for anyone wanting to choreograph?**
If you can listen to the same track 100 times and still want to hear it again, that's the piece of music for you. Write a dance from the heart, write a dance for yourself and if others enjoy it too, that's a big bonus. Take time to create your masterpiece! Quality over quantity every time!
