

1) **Where do you live?**

I live in a small town call “Rousset “ it’s between Aix and Provence.

2) **When did you start dancing and how did that happen?**

I started line dancing when I was 11 and now I'm 26 so.... 15 years ago, already !!! At the beginning, I was just accompanied my mother to her class or ball and I was watching then one day I decided I want to take class too. So, the next season my mum registered me with her at country & line dance class.

3) **What is the first dance you ever learnt?**

Well ... I can't remember it :(

But I know when I started dancing, I was learning all the classics I could during the ball. Like “somebody like you”, “chill factor” and in order to catch up the dances that I've missed ^^

4) **Where is the most unusual place you have ever line danced?**

There is a lot of unusual places where I've line danced haha. But I will have said that it was during a wedding with a group of dancers. We were supposed to dance on sloping lawn! That was difficult, but mission accomplished! The bride and groom where happy.

- 5) **Does anyone else in your family have the line dancing bug? If so, who?**
Yes, my mom. Like I said earlier she's the one who began country line dance. She was so crazy about it and took as much possible classes. Then only 2 years after she passed her exam and started to teach. So, I followed her way. But I'm the only one in the family. My brothers and my dad definitively don't have the rhythm.
- 6) **What made you decide to choreograph, and what was your first dance?**
I started to choreograph really early like 16 years old. I think my first dance was "Misery" on Maroon 5's song and I still love that song !
Actually, when I was younger I was more focused on competition. So, I choreographed a lot of dances to compete and also many Teams (still do when I get the time haha)
In fact, I always loved to create dances that feel to the music, lyrics...
Now that I've reached my goal in competition, I have more time to choreograph social dances and enjoying them with the audience and my classes.
- 7) **What does line dance mean to you?**
For me, line dance mean more than half of my life! I grew up in this world and met so many people from all over the world. I love to see everyone at events during the year and asking for news...
I also visited a lot of countries because of linedancing (U.S.A., The Netherlands, Belgium, Ireland, England, Italy, Spain) And of course line dance is also a part-time job (fitness coach the other half). So line dance mean a lot to me! :)
- 8) **Describe yourself in 1 sentence.**
I am a fun and smiley person who likes to dance and I like to share my passion with other people.
- 9) **What does everyone need to know about you?**
Everyone need to know that I'm a nice girl! hahaha
Sometimes people have a wrong image of me and that I'm a cold person, but when they get to my class or to one of my workshops they are nicely surprised and see that I'm the opposite of it.
I'm just shy when I don't know people or when I'm not on stage ^^
- 10) **Do you have any advice or tips for anyone wanting to choreograph?**
If someone wants to choreograph, obviously, he/she should first write a dance on a song that he loves and then Listen to the music over and over. Map the music, but also lyrics, it can change everything.
